Non-Profit Enhanced Incentive
Application

Cape Light Compact recognizes that some charitable non-profit organizations may not be able to make energy efficiency improvements to buildings that they occupy. To help make energy upgrades more affordable, the Compact is offering enhanced incentives up to 100% to eligible non-profits, for recommended improvements identified through the Compact's business energy assessment. This incentive is only applicable to electric, oil or propane related retrofit improvements, and is not applicable to major renovations or new construction.

ELIGIBILITY

The non-profit must:

- Own the building or have an eligible long-term lease.
- Be a charitable 501(c)3 non-profit and have been in operation for at least 5 years on Cape Cod and/or Martha's Vineyard
- Annual electric usage for all accounts on the site did not exceed 1,500,000 kWh in the prior twelve months, and the active electric account must be in the non-profit's name.

NOTE: Non-profits who receive this incentive cannot participate in the financing option offered through Cape Light Compact.

NON-PROFIT INFORMATION

Non-Profit Name _____ Electric Account #_____

Address _____ Town/Zip Code _____

Contact Name _____ Phone _____ Email _____

Own Building ☐ Yes ☐ No Lease Building ☐ Yes ☐ No (If Yes, How Long is Lease? _____) Years in Operation _____
