## STAFF NEWS

**John Burns**, Commercial & Industrial Programs Planner for Cape Light Compact, recently earned the distinguished Certified Energy Manager (CEM®) designation. Burns joins an elite group of only 6,000 professionals with the CEM® certification, which recognizes individuals who have demonstrated high levels of experience, competence, proficiency, and ethical fitness in the energy management profession.

Since its inception in 1981, the Certified Energy Manager (CEM®) credential has become widely accepted and used as a measure of professional accomplishment within the energy management field. It has gained industry-wide use as the standard for qualifying energy professionals both in the United States and abroad. It is recognized by the U.S. Department of Energy, the Office of Federal Energy Management Programs (FEMP), and the U.S. Agency for International Development, as well as by numerous state energy offices, major utilities, corporations and energy service companies.

## About Cape Light Compact

The Cape Light Compact, as administered through Barnstable County, is an inter-municipal regional energy services organization made up of all 21 towns of Barnstable and Dukes counties. The purpose of the Compact is to represent and protect consumer interests in a restructured utility industry. As authorized by each town, the Compact administers the regional energy efficiency program and works with the combined buying power of the region's over 200,000 electric consumers to negotiate for lower cost electricity, including a green power offering, and other public benefits. For more information on Cape Light Compact and its energy efficiency programs, please visit [www.capelightcompact.org](http://www.capelightcompact.org) or call 1-800-797-6699.
