2008 Annual Report Highlights:

- Cape Light Compact's programs installed \$5.5 million in highly cost-effective energy saving measures in homes and businesses across the Cape & Vineyard.
- For every ratepayer dollar invested in energy efficient programs in 2008, Cape Light Compact reduced our customers' net cost of electricity by \$3.36.
- In 2008, Cape Light Compact's Energy Efficiency Programs saved enough electricity to power 1,600 homes and remove the greenhouse gas emissions from the equivalent of about 1,000 cars.

From July 2001 through December 2008, Cape Light Compact administered over \$35.5 million in energy efficiency services to the residents and business of Cape Cod and Martha's Vineyard and will invest \$10 million more in 2009.

About Cape Light Compact

Cape Light Compact is a regional inter-municipal agency authorized by 21 towns on Cape Cod and Martha's Vineyard to protect consumer interests, secure competitive electricity prices, and offer green power options for our 200,000 residents. The Compact also provides a variety of activities and programs to support regional energy efficiency, renewable power development, and award-winning energy education. To date, the Compact's efforts have returned more than \$35.5 million in energy efficiency services to the residents and business of Cape Cod and Martha's Vineyard.
