Terms and Conditions

Eligible for purchases made between 1/1/2008 and 12/31/2009. This rebate cannot be used in conjunction with the ENERGY STAR Homes program. Equipment must be installed by a licensed contractor at the customer's Cape Cod or Martha's Vineyard address listed on the rebate application. Prior to honoring any rebate, Cape Light Compact may conduct an on-site verification that the equipment was installed and operating satisfactorily. This on-site verification does not include any kind of safety review. Cape Light Compact does not endorse, guarantee or warrant any particular contractor, manufacturer of product installation. The ENERGY STAR specification and this rebate program is subject to change without prior notice, and rebate offers may increase or decrease at any time. Updates to the ENERGY STAR specifications can be found at www.energystar.gov. Cape Light Compact is not responsible for any tax liability which may be imposed as a result of receipt of rebates by Cape Light Compact to the customer. Cape Light Compact is not responsible for any loss or damage that may be caused as a result of the installation of the equipment.

SAMPLE NFRC LABEL

 National Fenestration Rating Council CERTIFIED	World's Best Window Co. Millennium 2000+ Vinyl-Clad Wood Frame Double Glazing • Argon Fill • Low E Product Type: Vertical Slider (per NFRC 100-97)
ENERGY PERFORMANCE RATINGS	
U-Factor (U.S./I-P) 0.35	Solar Heat Gain Coefficient 0.32
ADDITIONAL PERFORMANCE RATINGS	
Visible Transmittance 0.51	Air Leakage (U.S./I-P) 0.2
<small>Manufacturer stipulates that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. Consult manufacturer's literature for other product performance information. www.nfrc.org</small>	

Please review the U-Factor (see left) for product eligibility. U-Factors generally fall between .2 and 1.2. Generally, the lower the number, the better the product keeps the heat inside the building.
