

Chimney Balloon \$35 Mail-In Rebate

Rebate valid 1/1/16-12/31/16

A metal fireplace chimney damper can warp or break over time and use. This can cause a cold air draft and odor to enter your home, and heat to escape. The Chimney Balloon, also known as a Chimney Pillow or Draft Stopper, is a removable, reusable and durable device that helps to stop airflow, odor, and debris from flowing through your chimney. This prevents chimney odor & cold drafts from entering your home, and prevents heat from escaping.

Suppliers:

For your convenience, we have provided a list of three suppliers that you could order your chimney balloon(s) from, however, you may choose from any supplier. You will need to know the measurements of your chimney. The sites below all have tips on how to properly size your chimney for the chimney balloon.
