

RFP for 20285-2030 EEP Plan Support

Responses to Questions Received as of June 5, 2026

Q: The Proposal Checklist in Attachment F seems to indicate that the Diversity certification documentation [Attachment C] should be submitted with the response. However, there is a note in Attachment C that says that form is to be completed and returned with the contract execution package, which maybe seems like it would only be done after a contract is awarded? Do you need Attachment C filled out as part of the RFP submission?
